

**TREE AID
Trustees**

TREE AID's mission is to help villagers living in the drylands of Africa unlock the potential of trees to reduce poverty and protect the environment. Working in the areas of natural resource management, forest governance, forest enterprise and nutritional security, we help create self-reliance for poor communities, building not only their chances of survival but also their dignity and self-respect. At the same time, we help poor people invest in their environment, building its resilience and well-being not just for today but for generations to come.

Celebrating its 25th anniversary in 2012, **TREE AID** has undergone substantial growth in the last eighteen months, significantly expanding its work in West Africa and starting to grow in East Africa. We are looking for a number of new trustees with expertise in the areas of international development and / or environmental policy, fundraising and /or marketing, finance, and organisational strategy and development.

With a dynamic Chief Executive and a committed team based in Bristol and in West Africa, **TREE AID** is at an exciting stage in its development. As a new Board member you will be critical in supporting and steering the strategic direction of the organisation over the next three to six years.

Closing Date: Thursday 16th February 2012.

For an informal conversation about the roles, please contact our Chief Executive, Philip Goodwin on 0117 9166 439.

To apply please submit your CV, a short letter as to why you are interested and what you will bring to TREE AID, and a completed equal opportunities form to:
